

Compton Allotment Association

Permission Application to bring my dog on to the Site.

..... of Plot/sam applying for permission to bring my dog onto the Compton Allotments site.

I understand that I have to adhere to the following rules and conditions and failure to do so will result in my permission being revoked.

1. Dogs must be kept on a lead at all times.
2. Dogs must be kept either on the plot or in your car.
3. When their owner is working on his/her plot, they should be tied up securely and/or kept within the confines of the plot.
4. **All dog mess** should be bagged up and removed from site.
5. If a dog is continually barking, the owner must remove it from site immediately.
6. We reserve the right to ban certain dangerous breeds of dogs such as Rottweillers, Pit Bulls, Dobermans and crosses of these breeds.
7. Your dog should not bark or act aggressively towards other allotmenters whether it is on your plot or in a car.
8. Incidences of dog fighting will result in both parties having their permission revoked.
9. You may keep your dog within the confines of your car but we expect owners to act responsibly towards their pets and realise that cars can get very hot. Therefore, a window/windows should always be left open and the car left unlocked. Causing distress to your dog will invalidate this agreement.

I agree to the above rules and conditions.
