

Bus Service 42—Farncombe Area

From Tuesday 24 April until Friday 27 July 2018, New Pond Road will be closed due to replacement of the railway bridge. This will mean that the 42 service will not be able to serve Farncombe during this time. Instead a shuttle bus funded by Network Rail will operate in accordance with the timetable below and will provide a guaranteed connection with service 42 to and from Cranleigh—the shuttle bus will be free to use.

Please note—during this period all 42 buses will leave Guildford Bus Station ten minutes later than the current timetable between Guildford and Peasmarsh, but will operate to normal timetable at all other points.
